

# Nadav Eliash

## Fullstack Developer

050-8804030 | [nadav.eliash@gmail.com](mailto:nadav.eliash@gmail.com) | [nadaveliash.com](http://nadaveliash.com) | [Github](#) | [Linkedin](#)

### About:

- An enthusiast Frontend/Fullstack Developer with experience in writing single page applications using the *latest WEB technologies*, including: *ES6, React, Next, Vue, Node.js, REST api* and more.
- Graduate of the [Coding Academy](#) - an intensive coding bootcamp (640 h) for Full Stack developers.
- **Strong background** in Design as a Designer and Animator. Full knowledge of Adobe applications.

[My personal website](#), built with Next.js, shows my **latest projects**:

- [Animation app](#) which allows users to draw and create 2D animation clips from scratch. Based on *HTML Canvas, React*.
- AI platform for Hebrew speakers, [בינה עברית](#) - end to end application, responsive. *Nextjs, typescript, tailwind, PrismaDB*. Interact with (through [API requests](#)) Google translation, Openai, Replicate.
- A Fiverr-like marketplace called [Finerr](#) - end to end application, responsive, using *React, SCSS, Node.js, MongoDB, Git*.
- Also, check my other projects, such as [Vitcoin](#) (using *Vue.js*) and [myBudget](#) (using *Angular*)
